## SKILLS

- Front-end Developer
- React JS
- Python
- C++
- HTML, CSS, Bootstrap, Tailwind CSS

## EDUCATION

Bachelor in Computer Science  
University of Management and Technology  
2021-2025

## ABOUT ME

I am a 8th-semester Computer Science student at the University of Management and Technology (UMT), batch of 2021. I specialize in Front-End Development, particularly using React.js in web technologies. I have successfully completed several projects using React Js and, I am eager to gain further experience to refine my skills.

## EXPERIENCE

### Techoverflow

Front-end Developer Intern

July 2023 - September 2023

During my three-month internship at Techoverflow, I had the opportunity to work in a dynamic environment where I honed my front-end development skills. Under the guidance of experienced professionals, I gained hands-on experience with web technologies, particularly React.js, and contributed to real-world projects. This experience enhanced my understanding of best practices in coding, user interface design, and team collaboration, while also strengthening my problem-solving and technical skills.
